
JEREMY WHITE

Executive Editor, WIRED Magazine UK

LONDON
SPEAKER
BUREAU

Jeremy White is a public speaker and executive editor of Wired, the influential technology and trends magazine that covers the innovations and businesses building the future.

☒ In charge of analysing and identifying emerging trends and technological shifts that will affect both consumers and businesses, Jeremy is an [expert speaker](#) in a multitude of [subjects](#) from Internet of Things to AI, smart homes to cyber security, autonomous cars to innovation in the financial sector.

☒ At Wired, Jeremy is tasked with evaluating products and technology at the cutting edge of innovation, from wearables to supercars, architecture to autonomous cars.

☒ His expansive knowledge of the product world and forecasting design and tech trends has seen him be commissioned for consultancy services to some of the world's largest consumer brands on industrial design and user experience.

☒ Jeremy also appears on the [BBC](#) and Sky News representing the title and has been writing about technology and design for more than 10 years. He is also currently the technology expert for [Telegraph Luxury](#), [Boat International](#), Robb Report magazine and is editor of Wired's luxury sister publication, Wired Desired.

☒ Before Wired, Jeremy was a digital editor at the Financial Times, and prior to that was technology editor at [Esquire](#) magazine.
