

SUSMITA MOHANTY

Spaceship designer; Co-founder and CEO of EARTH2ORBIT, India's first private space start-up that played a pivotal role in opening up the US launch market for India.

**LONDON
SPEAKER
BUREAU**

Dr Susmita Mohanty is a spaceship designer and entrepreneur extraordinaire. She is the only entrepreneur in the world who has founded space companies on 3 different continents. She is the co-founder and CEO of EARTH2ORBIT, India's first private space start-up that played a pivotal role in opening up the US launch market for India. She has co-founded and led two other companies, MOONFRONT, a boutique space consulting firm in San Francisco [2001-2007] and LIQUIFER, a trans-disciplinary space architecture firm in Vienna [2004-ongoing]. Before turning entrepreneur, Dr Mohanty worked for the International Space Station programme at Boeing in California and on Shuttle-Mir missions at NASA Johnson in Houston. Educated in India, France, and Sweden, Dr Mohanty holds multiple degrees including a PhD.
