Vinh Giang

Vinh Giang is an Entrepreneur, Magician and Communication Expert.

Vinh gained the entrepreneurial spirit and mindset from his parents, who fled Vietnam to Australia in 1981 and went on to start multiple successful businesses. His father's belief that "life is a miracle" inspired Vinh to see the possibilities in his own life. Today, he travels the world, teaching communication skills and engaging audiences with energy and flair.

As a college student, Vinh struck out on his own to start an online business teaching magic. As founder of Encyclopedia of Magic and CEO of Luminary Productions, Vinh combines the two biggest passions of his life: teaching and magic. As a magician, Vinh partnered with other performers to create fun and award-winning shows. His team's performances won multiple awards at the Adelaide Fringe festival, one of the world's largest art events.

Using the themes of perspective, empowerment, goal setting, and positive mind-set, he encourages others to believe in the possibility for positive change in their lives and business ventures. Vinh teaches professionals to re-imagine their approach to communication. "Don't be so attached to who you are in the present, give the future version of you a chance," he points out, and then proceeds to teach us how to amplify the best parts of who we are.
